Hi Britte,

I confirmed (via the extraction code) that the assaults, drugs, etc. are all based on a 1 year lookback.

The people who are excluded with no reason are the 'opt outs' – there have not been any for this round as the incarcerated person needs to submit a 121 and none have been received. I'll confirm this.

Below are the residents (n=20) who have been released from the unit:

Rodriquez (QN1884) **CA23-AC06**,
